## INTRODUCTION

We are a Sole Proprietorship entity, affianced in Manufacturing, Wholesaler Trader And Service Provider an assorted range of Laundry Boiler, Washing Machine, Dry Cleaning Machine, Washer Extractor, etc.

Incorporated in the year 2011 of Delhi, (India), we "S.R. Sons Garments Equipment" are a Sole Proprietorship entity. We are Providing all Industrial Washing Machine's Repairing & Maintenance, our engineers are experts of this field lust 10 years. We also Manufacturing, Wholesaler and Trader an assorted range of Laundry Machine, Washing Machine, Dry Cleaning Machine, Washer Extractor, Laundry Finishing Machine And Equipment, Storage Trolley, etc. Under the excellent direction of our mentor "Vipin Saini (Proprietor)", we have attained a dynamic and remarkable position in this highly competitive industry.

## OUR INFRASTRUCTURE

We have constructed hi-tech and the latest infrastructure facility that is incorporated with diverse sections such as warehousing & packaging section, production section, quality testing section, etc. Our highly advanced production section facilitates us to furnish the business activities in a peaceful and streamlined manner Constructed over an extensive area, our production department is supervised under the strict vigilance of our highly skilled team of professionals

## REPAIR AND MAINTENANCE

We REPAIR AND MAINTENANCE all the LAUNDRY MACHINE such as Industrial Top & Front Loading washing Machine, Industrial Hydro Extractor Machine, Industrial Drying Tumbler Machine, Industrial Washer Extractor Industrial Dry cleaning Washing Machine (Automatic and Semi-automatic), Industrial Finishing Equipment, Industrial Flet Work Iron Machine(Calendar Machine), Industrial Flat bed Machine, Industrial Vacuum Finishing Table, Industrial Diesel Fired and Electric Steam Boilers (Automatic and Semi-automatic), Industrial Hot water Boiler, Industrial Soya Milk Boiler & All type Laundry equipments.

We repair and maintenance all BRAND.

We also repair VFD, PLC. Also contact for YEARLY & MONTHLY MAINTENANCE. 24X7 Services with 100% guarantee.

Our Products

SR SONS  
laundry care system

SRS Industrial Washing Machine  
(Front Loading)

- Capable of washing all type and laundry linen.
- Complete stainless steel front & door.
- Inner Basket and outer drum-all highly polished stainless steel.
- Easy loading & unloading through large toughened glass door.
- The machine stops automatically on opening the door.
- Auto timed Auto reverse & forward.
- Auto digital temperature control. Auto Water Level Control.
- Easy to operate Space saving.
- Electric or Steam heated type.

SRS Industrial Washing Machine (Side Loading)

- Electric, steam or thermal Fluid heated.
- Side Loading, open pocket, single & double door, ideal for larger laundries.
- Performs all type of wash with soap, detergent, bleaching, acid, stone, or any chemical wash including dying.
- Complete stainless steel Inner bosker & outer drum.
- Electricity & mechanically interlocked, S.S. Loading & Unloading doors.
- S.S. hopper & heater box "M.S trunnion shaft Epoxy painted structure frame.
- Electrical control well protected for performance auto timed, auto reverse & auto digital temperature control.
- Easy Protective device against single phasing, reverse phasing and motor overload.
- Front display of controls through pilot lamps, push buttons, etc. water level indication.
- Drive:- Heavy duty motor co-ordinates with heavy duty gear box to pully with belt toke the load.

SRS Industrial Flat Work Iron

- Single or multi roller.
- Prematic raising & lowering of chests, rollers with moisture suction & variable speed.
- Auto timed & Auto temperature control.
- Powerful suction: Individual direct mounted centrifugal blower on to the roller quickly removes moisture.
- It offers a dramatic saving of time labour ideal for pressing of bed sheets, napkins, table lines, pillow cover and any type of flat line etc. made easy, failsafe finger guard stops the machine instantly.
- Electric or steam heated type.

## SRS Industrial Flat Bed Iron

- Pneumatic operated bed with moisture and timer for bed releasing of head with pneumatic push butter raising and lowering of the head.
- Ideal for uniform, hosiery clothes, table lines, bed sheets and pillow covers.
- Press is fitted with a padded buck & polished iron head with moisture suctions features.
- Auto timed. Auto Temperature Control, Low energy consumption.
- Covered with teflon sheets in head.
- Electric or steam heated type.

## SRS Industrial Hydro Extractor

- Stainless steel basket "S.S Outer drum \*Study welded construction facility to dismantle basket without dismantling the outer casing Electricity inte- rlocked top lid stops the machine when opened "Outer casing is moun- ded on M.S. heavy base frame, duly painted.
- Drive:- Directly mounted basket on a specially designed high torque, heavy duty motor with rests on the spigot of the base frame. Provided with built-in rubber buffer cushion to enable self balancing.
- No V-Belts "No loss of speed Quick self balancing Noiseless and Vibration-Free performance charge after charge.
- Electrically controlled instrumentation and protection for auto timing and automatic D.C. injection for braking. Protective devices single & reverse phasing and motor overload

SRS Industrial Drying Tumblers

- Stainless steel inner basket "Double walled glass wool insulated outer body duly painted. Electrically interlocked loading & Unloading door "No space required on sides of the machine.
- Electrically Controlled protection provided for auto timing, auto reversing and
- Auto digital temperature controls "protective device against single and reverse phasing and motor overload.
- All controls front displayed with pilot lamps.
- V-Belt and pulley drive for low torque and high speed.
- Steam radiator/Electric heaters: Made out of coils and aluminum fins for
- Steam heated, & fin type air heating elements for electrically heated machine.
- Centrifugally balanced suction blower mounted directly on to the motor.
- Electric, Steam or thermal fluid heated.

SRS Industrial Washer Extractor

- Front, Outer casing, inner basket sides, back & top panels all in full Stainless Steel. A separate compartment chemical dispenser.
- Large Door with Interlock for safety.
- Single Motor Drive. Large capacity motor working with variable.
- Frequency drive speed for wash, distribution, low, normal & high spin.
- Low Power Consumption. "Easy to Operate Space Saving.
- Robust spring suspension system with industrial shock absorbers.
- 350G Extract Force Powerful Advance Microprocessor Control.
- Electric or Steam heated type.
